# Belt Basics

more dos & don'ts

› **DO**

click it **every time you drive or ride**, even on short trips.

› **DO**

move closer to the buckle of your seat belt for a better fit and better angle across the shoulder.

› **DO**

wear your **lap belt low on your hips**, under your stomach.

› **DO**

click it **right** to prevent serious injury and to avoid a ticket.

› **DON'T**

wear a lap belt alone **when a shoulder belt is available**.

› **DON'T**

wear the shoulder belt behind you. **Cross your heart and click it!**

› **DON'T**

let the lap belt ride up over your tummy, **keep it low over the hips**.

› **DON'T**

forget **it's the law**. Make sure **everyone is buckled up properly!**

**Vanity Flair**

Your clothing might get a few wrinkles, but that's nothing when you consider you could be risking serious injury or death by not using a seat belt properly.
